POISE

At JCHS, we stand with our heads held high and our hearts filled with pride. Each student expresses his individuality with his poise. After taking that complicated calculus exam or standing tall amidst defeat, we know in the end victory will be ours.

Poise is expressed through each student's way of walk, talk, and attitude. It can be seen in the cars we drive or the grades we make. But, however our poise is exhibited, it reflects the dignity and spirit that shines in our lives.

Even if we try and fail, our heads are still held high. For we know tomorrow is another day. The students express their feelings through their poise. For some, happiness is shown by smiles on their faces or the bubbles in their voices. Anger is always reflected subtly, never harshly. It may be heard by the determination in our voices or seen in the ambition in our eyes. We never slouch in times of exasperation; our poise keeps us fight-

"A perfect poise is standing tall, with head held high, and full of confidence. The students at Jones County High School have perfect poise." Carrie Evans

ing until the end.

Poise is having a certain elegance and grace that places you up above the rest. It's important to have poise when you know you are wrong and admit, but never accept, it. That's our style here at JCHS, and we've sashayed it across the state. Our Hounds were State Baseball Champs. We cheered and celebrated but never flaunted our victory.

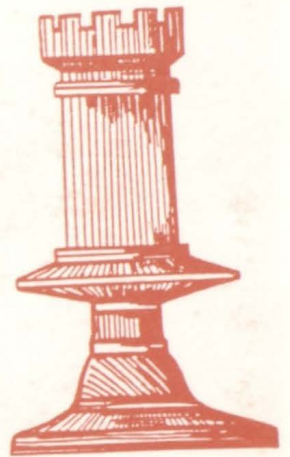

What goes up must come down. So hopefully that includes Demetrice Bonner.

A Coke and a Smile!

Poise (poiz),n. 1. balance; stability. 2. ease and dignity of manner. 3. carriage; bearing, as of the body. 4. a suspension of activity in a condition of balance.

There's nothing like a Senior's smile.

Nikki Hubbard shows her poise with a big smile.

FRIENDSHIP

Seeking support for the next football game, Kevin Alford receives a smack from his sweetie Julie Jackson.

Emily Tompkins, Ellen Tomkins, Gloria Young, and Brandi Evans share friendship and an umbrella.

Mrs. Newberry and Mrs. Collins show that friendship links not only students at JCHS but the staff too.

Friendship links the students at JCHS together. Groups of friends can be found all over the JCHS campus, whether it be two girls sharing secrets, a guy and a girl talking in the hall, a group of guys goofing off at lunch or at P.E., teachers in the lounge, or a teacher tutoring a student or coaches on the field.

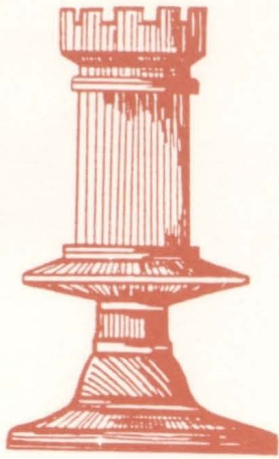

What is friendship? It is caring for others, respecting their individuality and ideas. But it can also be sharing the same opinion and thoughts. Friendship is lasting and is what memories are made of. When you look back through the years, what you remember most are your friends and

"A friend will stick by you through the best and the worst of times. Someone who will listen with an open heart and an open mind to all your heartaches and gossip." Misty Foster

the good and bad times that you shared.

A friend is one that you rely on and trust—someone with whom you share your secrets and experiences. A friend is your companion throughout a special time of your life.

Ambition (am-bish en), n. 1. Strong desire for success, fame, power, wealth, etc. 2. the thing so desired

Kristy Couch types diligently throughout the period.

Chris Kelley asks for Tammy Harvey's hand during break.

JCHS Football Captains, preparing for victory, proudly enter the field.

What makes us study a little longer, run a little faster, or shout a little louder? It's called ambition and every student that walks along the halls of JCHS has got it.

Ambition is a strong desire which is shared by everyone at JCHS. Ambition walks hand in hand with the success achieved at JCHS, whether it be in the classroom or on the job. Everyone does what they can do to make Jones County number one.

At JCHS, it is important to be the best that you can be. All year we strive toward the goals that we have set for ourselves, whether it be making an "A" in science class or bringing home the state trophy for a second year in a row.

Ambition is the backbone of our JCHS student body. Because of it, we have made many things possible, such as Shane Lazenby becoming FBLA State President, Kerri and Karla

"Ambition is obviously a positive force on an individual, because it is the desire to achieve that drives the individual to reach his utmost potential." Josh Haynes

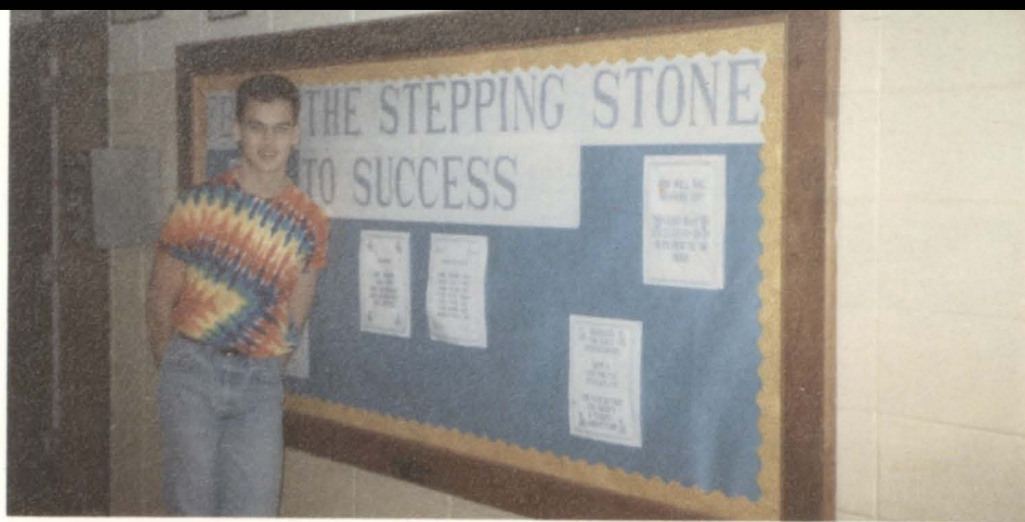

Reese going to FBLA National Competition, a new bigger and better JCHS band and the baseball state championship.

Our ambition has allowed us to achieve these many goals and will help us to accomplish the ones we've set for tomorrow or the future.

Tracey Caruthers explores nature through a microscope in science lab.

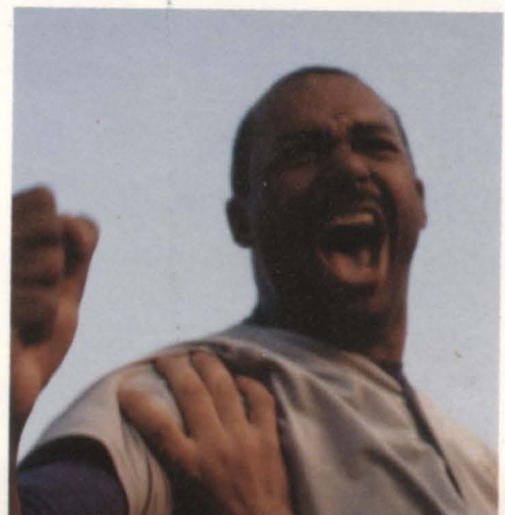

AMBITION

Karla Reese and Kerri Reese work hastily to finish their work before the bell rings.

David Taylor shows off his keys and car to his fellow classmates.

The desire to succeed is something all people possess. Whether at work or recreation, each individual strives to do his best.

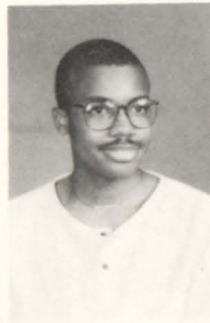

Shane Lazenby wins FBLA State President hands down.

As small children, we thought success was sharing at preschool or helping Mommy with the dishes. Our reward was Mommy's and Daddy's praise for our good deeds. As we have grown older, we value our own feelings of self-fulfillment a great deal more. Goals are set at the highest standards, and the challenge is to reach those goals.

Today our success is shown by our many achievements. Not only as individuals but also as a student body. We've only just begun to show the world and ourselves what we can accomplish.

"Success is to set a goal for yourself in life. Work hard toward fulfilling it. Strive for the best, once you reach your expectations, and feel good about what you have achieved. You have reached your point of success." Wayne Purnell

Coach Patterson spends yet another day on "duty".

SUCCESS

CHALLENGE

Like a baby taking its first steps or a bird on its first flight, challenge faces each of us, and we take it on with great stride. We meet each challenge with such fierce determination and ambition that we conquer and, in the end, are victorious.

No matter what the "playing field" is, we find the challenge to win, to play better, to work harder, and to be the best. In our school life we are challenged to make the grade and pass the test. Challenge makes us mature and grow as individuals without losing the spirit of the team.

Regardless of the outcome, whether it be winning or losing, we've all seem to have grown from the experiences and been strengthened by the challenge.

"Life is a challenge, and challenge is life. Everyone has been challenged in school, social life, family, or work. Without challenge, the world would be simple, dull, and having no purpose." Chad Smith

Each day that we come to school we are faced with many challenges.

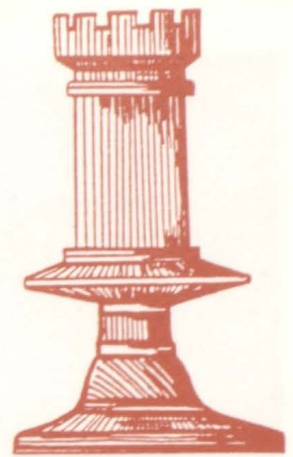

Mr. Harper tunes up his band for the Friday night game.

For some reason, #42 looks as if he is doing all of the work.

Challenge (chal' enj), n. 1. A demand for identification: as, a sentry gave the challenge 2. a calling into question: as a challenge to an assertion. 3. a call to take part in flight, contest, etc. defiance. 4. a demand; claim upon. 5. an exception to a vote or to someone's right to vote. 6. in law, a formal objection or exception.

Keith Bartlett, is this your intelligent look?

The Lady Hounds, receiving team support, prepare for their big victory.

DEVOTION

Into every year a little rain must fall, but through the devotion shared by us all at JCHS, we know the warmth of the sun will soon shine once again.

We've seen the benefits of devotion as our band marches to a brighter beat. But it doesn't start or stop anywhere. At school you may study those extra twenty minutes that make the difference between a B and an A. But that same motivation helps in keeping your loyalty to a club, team, or that someone special.

As we look toward the future with hopes and dreams in our hearts, mix a little devotion into your recipe for life and see if your dreams come true.

"To me, devotion means being dedicated and obligated to my fellow classmates, faculty and any other worthwhile causes."

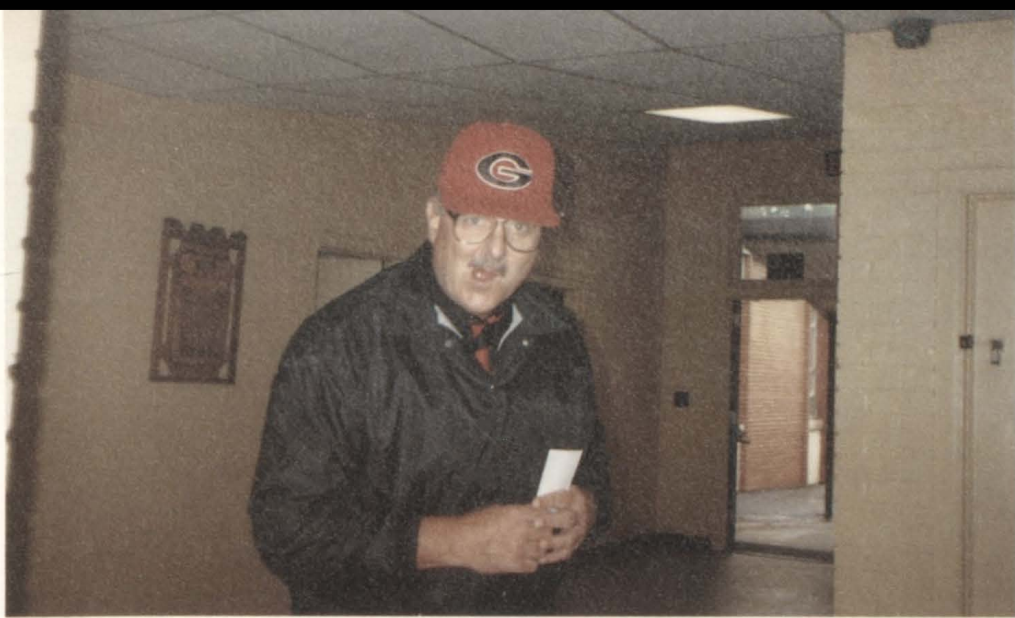

Tammy Harvey

It's obvious that Mr. Smith shows a great deal of devotion to his "all-time favorite", Georgia Bulldogs.

We're not quite the Rockettes, YET!

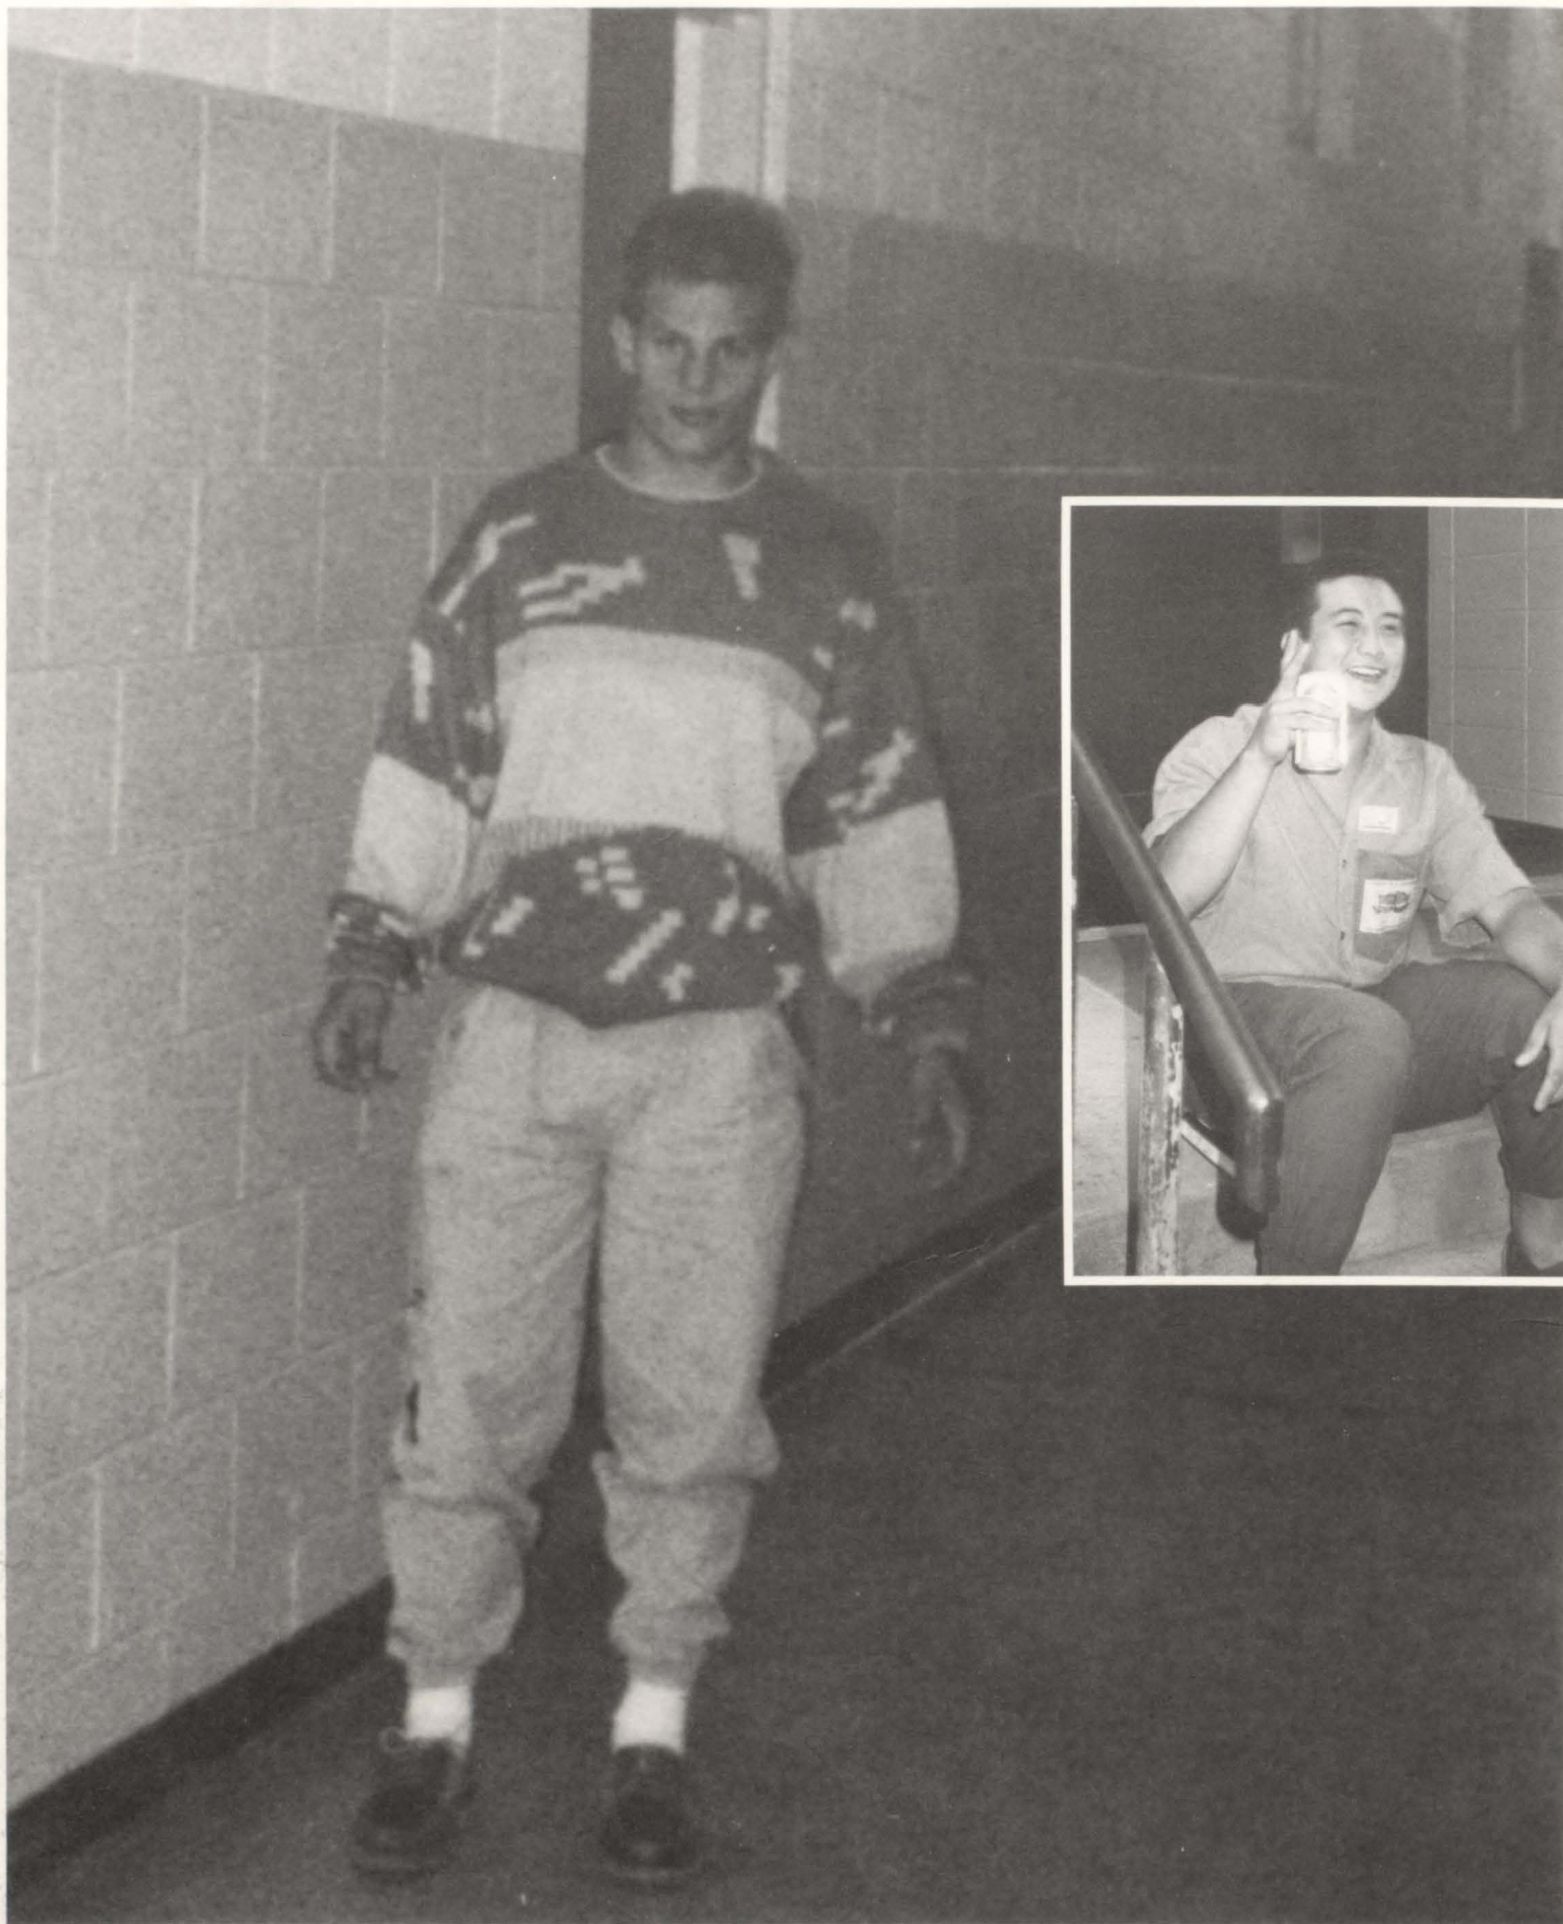

Come rain or shine Mrs. Middlebrooks always comes through.

The Hounds' enthusiasm shows after winning the state championship.

Shane Folendore and Katrina Kaylor have devotion for each other after several years of dating.

Seniors

1. Striding steadily towards the door, Wes Harrison hopes to escape before the sixth period bell rings.

2. Senior, Bill Bates takes a minute to enjoy his Pepsi before football practice.

3. During first lunch Jennifer Pierce, Jennifer Roberts, Valerie Daniels, and Kim Mosely take timeout from the rigors of school for a little laughter.

Felipe Holiday is one of the most happening dudes at JCHS. From the top of his massive hairdo to the soles of his Nikes, Felipe is a six foot bundle of awesome humanity, in his opinion, that is.

Felipe loves world history, the thought of going to FSU, and chillin with his buddies.

He is extremely involved in extracurricular activities, mainly those on the football field (the cheerleaders' end, that is).

When asked what the most important thing in his life is, a broad smile spread across his face. As he peered over his specs and was about to release some sage message, the bell rang. "Asta la vista, Baby." And so ends another interview with one of his many fans.

THE VOTES ARE IN!

What is your favorite theater? pasttime? restaurant? The 1989-90 Grawl Staff asked students what their response was to questions such as these. Most of you tell us that you enjoy playing sports and spending time with loved ones. Naturally, the boyfriends and girlfriends out there won the majority of votes for favorite person to be with. Mrs. Thomas was chosen as the favorite teacher with Mrs. Patricia Morgan coming in at a close second. Westgate came in on top as the favorite theater, and Harlem Nights was selected as the favorite movie. The staff received a number of interesting expressions sent in for favorite sayings. Some of the more unique and popular were; "What's Up?", "Don't worry about the mule going blind.", "Of course you can, old sport.", and "Weee!" So there you have it, what the students of JCHS feel were the favorite places to go, people to go with, and things to do.

ONE MOMENT IN TIME

Paralegic Climber

With the strength of his arm and the power of his will, a paraplegic completed a weeklong ascent of El Capitan and said his 3,200-foot climb proves the disabled can accomplish great feats.

Mark Wellman, accompanied by his friend Mike Corbett, reached the summit seven days and four hours after they left the Yosemite Valley floor.

"My whole thing in life is finding another way to do it, whether that be skiing, kayaking or whatever," said Wellman, a twenty-nine year old park ranger.

Wellman wore the same boots he was wearing in 1982 when he fell 50-feet during a climb of 13,700 foot Gables Peak south of Yosemite. He was left paralyzed from the waist down.

Wellman became the first paraplegic to conquer El Capitan.

Miss Americia 1990

Miss Missouri Debbie Turner, a mirimba-playing veterinary student from the University of Missouri, was crowned Miss America 1990 this September.

She grabbed and hugged first runner-up Miss Maryland Virginia Cha, of Frederick, and gave a thumbs-up sign to the audience before tearfully walking the runway.

Miss Turner is the third Black woman to become Miss America in the pageant's 68-year history. She succeeds Miss America 1989, Gretchen Elizabeth Carlson of Minnesota.

The Berlin Wall

On November 9, 1989, East Germany lifted restrictions on emigration and travel to the West, and within hours thousands of Germans celebrated on around the Berlin Wall.

By midnight, thousands of East Germans had entered the western part of the city which had inaccessible only hours before.

The Berlin Wall, which has divided East and West Germany since 1961, has finally begun to crumble.

President Bush Visits Poland

More than 50,000 people gave President Bush a hero's welcome at the worker's monument where Solidarity was born in a wave of labor upheaval. Bush told the cheering crowd that their struggle had produced "a time when dreams can live again" in the democratic transformation of Poland.

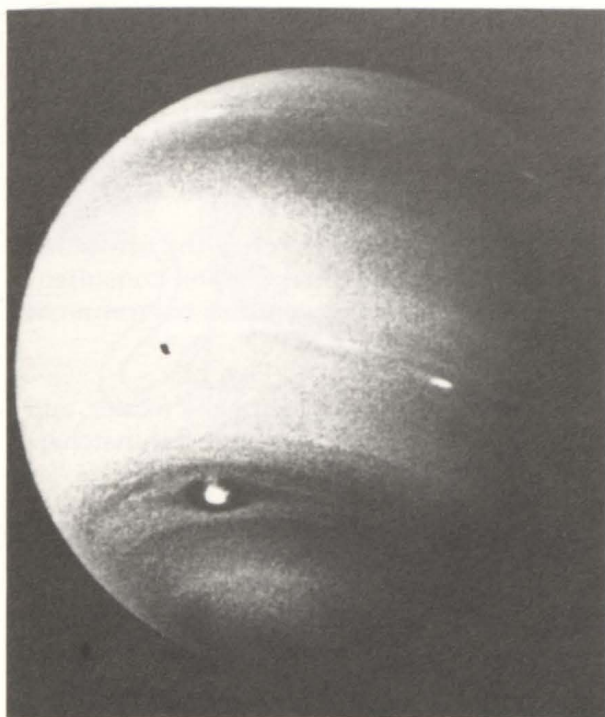

Earlier in the day Walesa hosted a homestyle lunch for the president and raised the possibility of even more aid to Poland by Western nations than the \$115 million previously announced by Bush.

Solidarity argues that the help is needed to ensure that public unrest does not upset the delicate progress toward democracy. But it agrees any aid should have tight controls on it, so it is not wasted as it was in the past.

Before taking leave of the workers, Bush and Walesa together faced the monument and raised their arms and gave the "V" for victory, a sign used by Solidarity.

ROLLING INTO THE 90's

"VOYAGER'S HISTORICAL TOUR OF THE PLANETS"

Voyager 2/Neptune

Voyager capped its historic 4.43-billion-mile, 12-year tour of four planets when it skimmed 3,048 miles over Neptune's north pole in August, then drove past Triton, the planet's largest moon. It made its closest approach about 23,900 miles above the moon's surface at 2:10 a.m. on 8/25/89.

Voyager was nearly 4.5 billion miles along a curving path that took it from Earth in 1977, past Jupiter in 1979, Saturn in 1981 and Uranus in 1986, and now past Neptune in search of the edge of the solar system. Voyager 1 explored Jupiter in 1979 and Saturn in 1980.

"If you want to understand Earth, go look at other worlds," said astronomer Carl Sagan, a member of the team that analyzed about 81,000 photographs taken by Voyager 2 and its twin, Voyager 1.

Flag Burning

The Supreme Court has limited the power of states to outlaw the desecration or destruction of the American flag.

Justice William J. Brennan, writing for the court, said, "If there is a bedrock principle underlying the 1st Amendment, it is that the government may not prohibit the expression of an idea simply because society finds the idea itself offensive or disagreeable."

"We do not consecrate the flag by punishing its desecration, for in doing so we dilute the freedom that this cherished emblem represents."

Joining Brennan were Justices Thurgood Marshall, Harry A. Blackmun, Antonin Scalia and Anthony M. Kennedy.

Rolling Stones (Photo by Dima Safari)

The Rolling Stones launched their 1989 tour August 13 when they pulled into a tiny New Haven, Connecticut, nightclub for a tuneup that thrilled 700 fans who paid \$3.00 apiece for the impromptu gig.

The Stones, who had been rehearsing for the previous six weeks in the tiny northwest Connecticut town of Washington, brought the house down with an 11-song, hour-long set. Members of the band are (l-r) Ron Wood, Mick Jagger, Keith Richards and Bill Wyman. The drummer behind is Charlie Watt.

This tour is the Stones' first in eight years.

A THING OF THE PAST

The Exxon Valdez, a 987-foot tanker owned by Exxon Shipping Company, struck Bligh Reef about 25-miles from Valdez, Alaska, ripping holes in its hull, gushing millions of gallons of thick crude oil into pristine Prince William Sound. The result was the largest oil spill in U.S. history.

Thousands of workers have helped scrub the oil-fouled shorelines, but as one environmental disaster consultant said, "A spill of this size in such a complex environment promises to be a cleanup nightmare."

Exxon has pulled out its cleanup crew for the winter, and the state announced its own plan to protect fish hatcheries and those still untainted areas.

Tiananmen Square — Beijing, China

Gone from Tiananmen Square are the pro-democracy banners and tents of China's freedom movement, the armed guards and the chants of drilling soldiers. The Goddess of democracy, a 33-foot-high replica of the Statue of Liberty which had become a symbol of the movement for democratic reform, has been crushed by tanks and taken away.

The pro democracy protesters began on April 15 with a call by students for talks on increasing social freedoms and ending official corruptions. They peaked during the week of May 15, when Gorbachev visited the country, and nearly one million people poured into the streets.

Martial law was declared on May 20 and troops attempted to move into the square but were driven back by masses of citizens sympathetic to the protesters.

On June 3, troops opened fire on the protesters, smashing the barricades with tanks to reach Tiananmen Square. While the government claims that nearly 300 people, mostly soldiers, were killed, diplomats and Chinese say up to 3,000 died, and Chinese Red Cross officials estimate 3,600 people were killed and 60,000 injured.

DATE PICKS

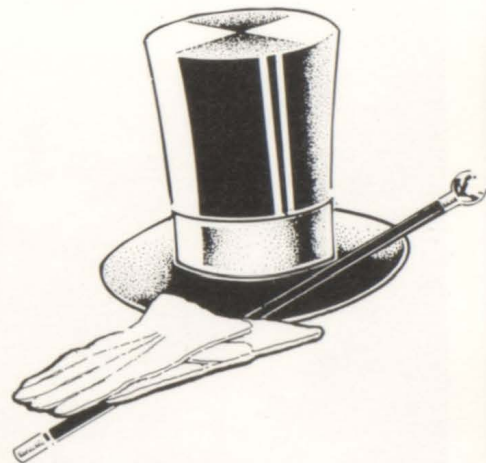

Dating has existed for centuries. And since the beginning the anticipation of the coming event has caused the rapid heart beat and sweaty palms that many of us have experienced at one time or another. Along with this anxiety comes the excitement and happiness of being with someone you care about. The joy and experiences that you gain through dating makes the common nervousness pale in comparison.

Where is your favorite place to go on a date? Bonnie Barton shared that she enjoys going to a nice restaurant and then to a movie. "I hate to stand around somewhere with a bunch of people on a date," she said. Sarah Hipps, a freshman, feels that going to the beach and swimming is an ideal date. Wherever you go, or whatever you do, most agree that anywhere you go or anything you do is fun as long as you're with the one you love.

Every girl dreams of being swept off her feet. One girl's dream became reality on Valentine's Day when her boyfriend brought her a box of candy. Instead of candy the box contained a ring. Others have experienced special moments such as those on birthdays and other holidays. Many girls shared that having a candlelight dinner with that special someone is a touching moment not easily equaled. One sophomore said that just being together is special. However the majority agree that their most romantic memory occurred at the Prom.

Most people prefer for their date to dress casually to go out to the movies or a restaurant. However, the best idea is to dress according to the occasion and in a way in which you feel most comfortable.

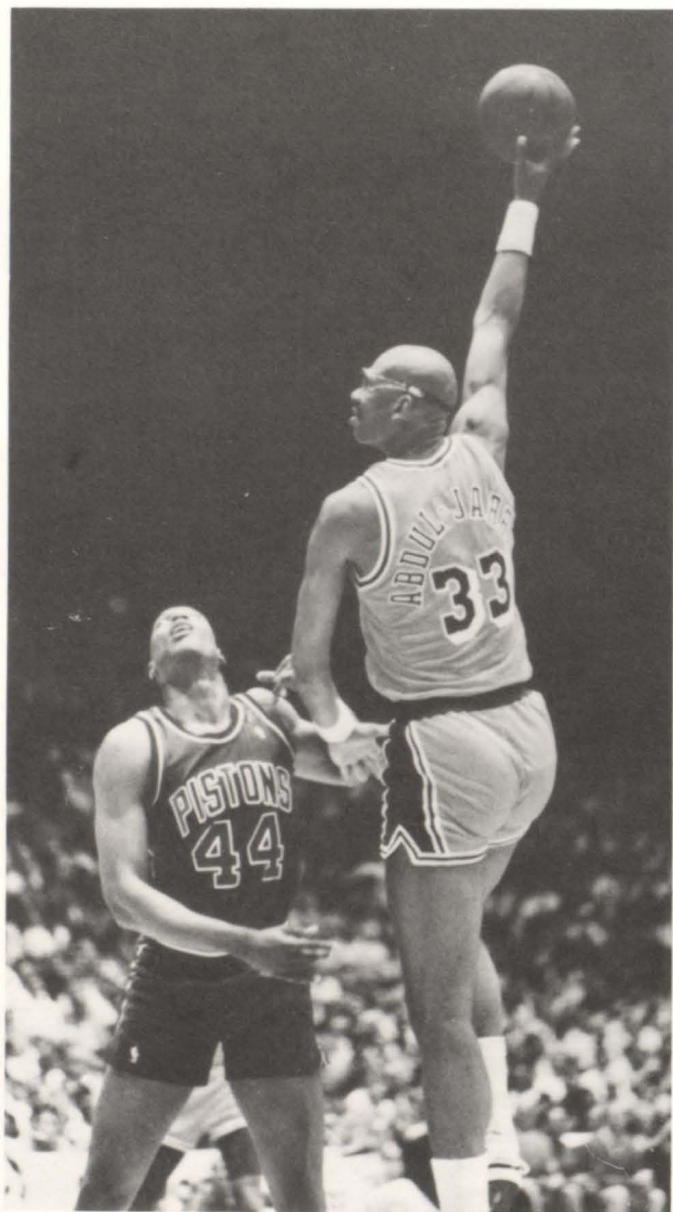

WHY ALL THE TEARS?

"A QUESTION OF WHEN TO HOLD AND WHEN TO FOLD."

Cincinnati Reds Manager Pete Rose, one of the greatest players in the history of baseball, had been banned for life from the game for betting on his own team.

Rose, who has continued to deny he bet on baseball, can apply for reinstatement after one year. Even if he's turned down, the game's most prolific hitter will still be eligible for election to the Hall of Fame in 1992.

"I've been in baseball three decades and to think I'm going to be out of baseball for a very short period of time hurts," Rose said at a press conference in Cincinnati, where he was born and where he broke Ty Cobb's all-time hit record of 4,191 in 1985.

IS THIS 7-FOOT-2 GIANT A THING OF THE PAST?

Kareem Abdul-Jabbar

It seemed that the 7-foot-2 center would be on the court forever. But at 42, the oldest player in NBA history retired.

We watched him change his name from Lou Alcindor and his religion to Muslim. His afro-style hair gave way to a clean-shaved head. He began wearing goggles as he aged.

Through most of the changes, his gracefulness endured. The skyhook was unstoppable.

On June 13, 1989, Kareem gave us his last performance. At the end of the night fans cheered him, his teammates hugged him and his opponent, Isiah Thomas, shook the hand that launched thousands of skyhooks.

When asked about retirement he said, "It really hasn't set in, as far as deeper meanings. I'm just thankful I've been able to last this long and walk out the door."

San Francisco Earthquake

A catastrophic earthquake rocked Northern California on October 17, killing at least 62 people and injuring hundreds, caving in bridges and freeways, igniting fires and causing widespread damage to buildings.

The quake which struck during the evening rush hour, just as Game 3 of the World Series was about to begin, registered 6.9 on the Richter scale and was on the notorious San Andreas Fault. It was the second deadliest in the nation's history, exceeded only by the 1906 San Francisco earthquake that destroyed much of the city and killed more than 700 people.

"NOTHING MADE BY MAN IS INDESTRUCTIBLE"

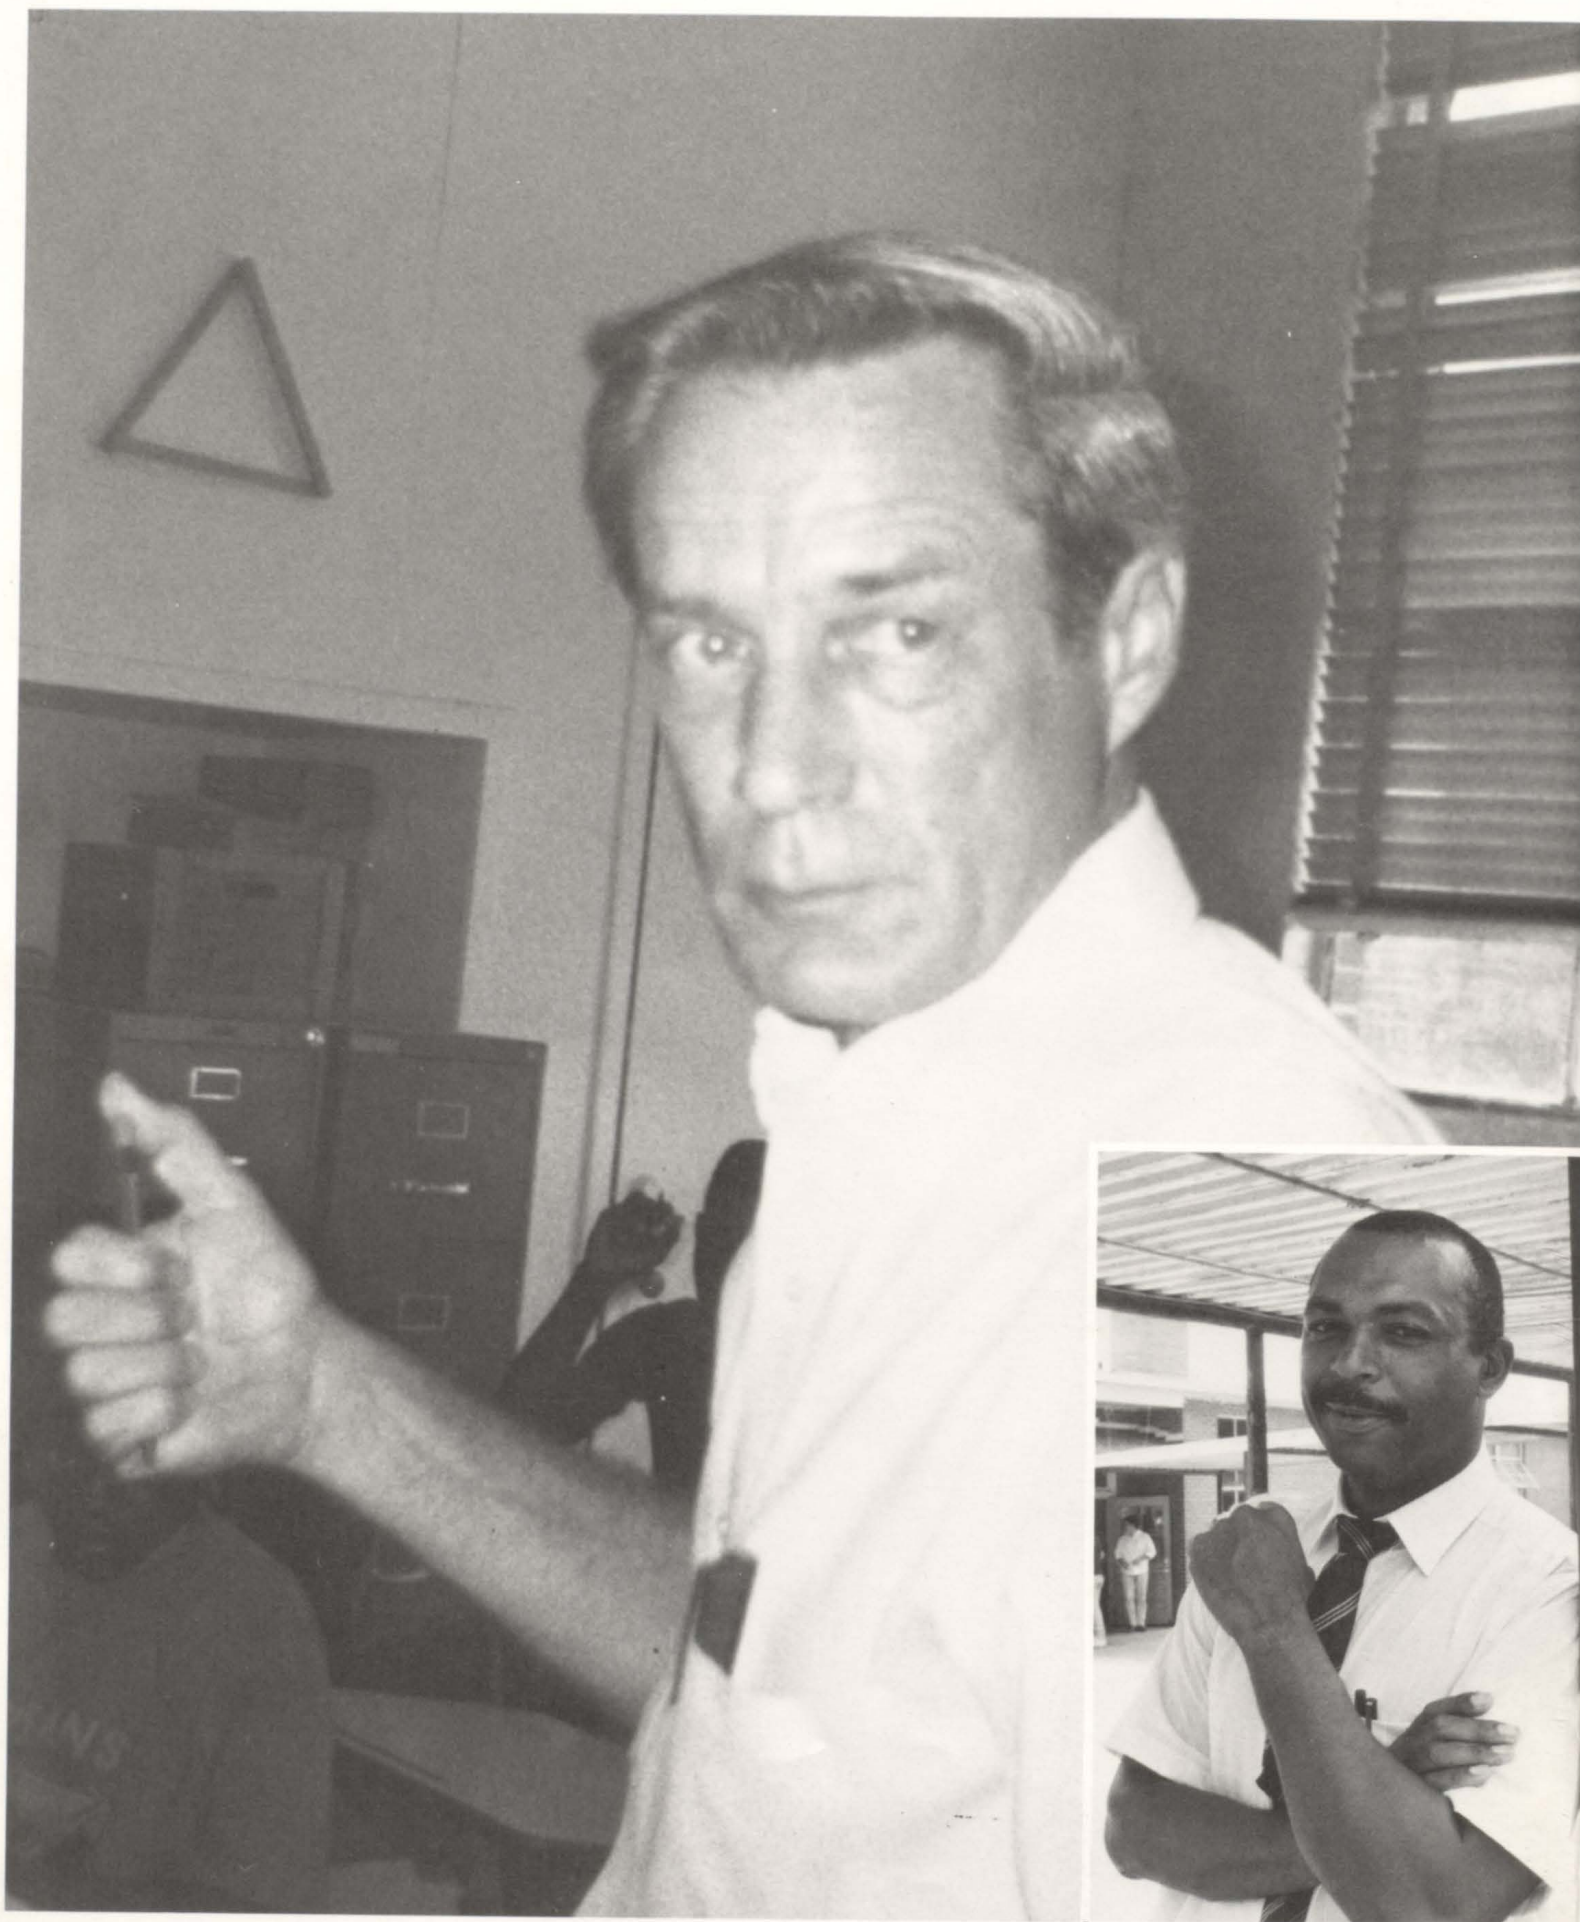

"THE TRAIL OF DEADLY DESTRUCTION"

Hurricane Hugo

Leaving a trail of death and destruction across the Caribbean, Hurricane Hugo smashed into coastal city of Charleston, South Carolina on September 22, 1989.

Hugo's 135-mile-an-hour winds snapped power lines, toppled trees and flooded the low-lying areas of South Carolina, causing more than half a million people to flee and leaving thousands homeless.

Congress readily approved \$1.1 billion in emergency aid for the victims of Hurricane Hugo — Capitol Hill's largest disaster relief package ever.

The Dedicatees Are . . .

Jones County High School is led by a large number of people from school board members to teachers to the lunchroom staff. Each person has a job that is vital to the congenial atmosphere at JCHS.

The Board of Education is a group of elected officials whose main duty is to administer to the school system. They do this by making rules for the students which make teaching and learning easier for everyone involved. They also create ways of remedy in case these rules are broken by the students. These rules are enforced by the Administration.

The Administration is made up three principals who watch over the student body as a whole. They not only enforce rules, but they maintain a level of discipline over the students. The Administration members also become our friends, rooting us on at ball

games, laughing at our jokes, and motivating us to do well in school. There are many teachers at JCHS, all of which have one common goal: to help each student learn and grow to his potential. Every teacher helps us to grow and learn in our own way. Even though they each have a different style of teaching, most love to teach us and love to see us grow and learn. The teachers at JCHS are a tremendous motivation to the students to study, learn, and try their best.

Supporting the Administration, teachers, and students is a variety of people from counselors to media specialists. Each person does what he can to help the students achieve and do their best.

Together the faculty deserves an "A" for helping the students learn and achieve to the highest level.

Each year the staff of the Growl picks certain teachers as dedicatees. This year we have named our dedicatees "Reflections" and would like to thank them for that special quality which makes them leaders to us. As a biology teacher, students are always bringing me "critters". One morning a student showed up in my room with a grocery bag in hand, asking for a jar. Friendly

"Kids can do the darndest things!", especially high school students. Being young, high school students still react on impulse. During homeroom one morning as I was checking the roll, I happened to glance up from my register. What I saw made my eyes bulge! A boy was sailing through the air like superman. When he hit the floor, another boy was immediately on top of him. The two had been sitting together on a row. The boy in front had reached behind, grabbed the other boy, and had flung him through the air. I should know by now that as long as I teach school I may see almost anything. — Elizabeth Keene

A ninth grader had attended class for about 8 weeks. Each day at 11:50, the church bells toned a song. The student had noticed that the bells sounded daily. The teacher left school one day to attend a funeral. When the bells sounded that day, the student asked the para-professional if that was the funeral the teacher was attending. She replied, 'Haven't you noticed those bells play everyday?' The student replied, "Yes, but I thought Friday it was a wedding and today a funeral." Funny

As teachers we constantly remind our students of the potential problems they could encounter if they submit to "peer pressure." One of my most unforgettable moments in education involves how I became a victim of such.

We were coming home from playing a baseball game in Athens, and as driver of the school bus, I failed to get off of the four-lane by-pass at the correct exit. One of the players noticed the error I had made and promptly notified me. I calmly stated, "We can get off at the next exit and turn around and come back." Another player noticed that the next exit

Instead of listening to that little voice of reasoning from within, I let "the guys" talk me into cutting through the median. Just Do It!

Excitement sizzled in the spring air. Like wildlife it spread though the crowd capturing each and every Greyhound fan in its path. Spirits were running high, and each team's crowd was growing rowdier by the minute. The day was May 26, 1989. The baseball state championship was at stake as the Greyhounds struggled in the bottom of the 7th inning to gain the two runs needed to offset the Johnson Knights, now leading four to six. This was the final challenge for the Hounds in the three playstate championship series played in Gainesville, Georgia. The first game was won by Johnson, but the Hounds came back the second night to capture the victory. Now only the outcome of this third game mattered, for it would determine the new state champs. A wild cheer went up through the crowd as Nate Whiddon made his way to first base after being walked. The bases were loaded. There were no outs as Dan Curry came up to hit, placing runners on first and second bases

with an out on third. The tension in the crowd mounted steadily as Hoyt Stanfield was walked to first base, and Johnny Robinson stepped up to the plate.

Many anxious faces peered over the fence trying to get a closer look. Everyone held their breaths, waiting and watching.

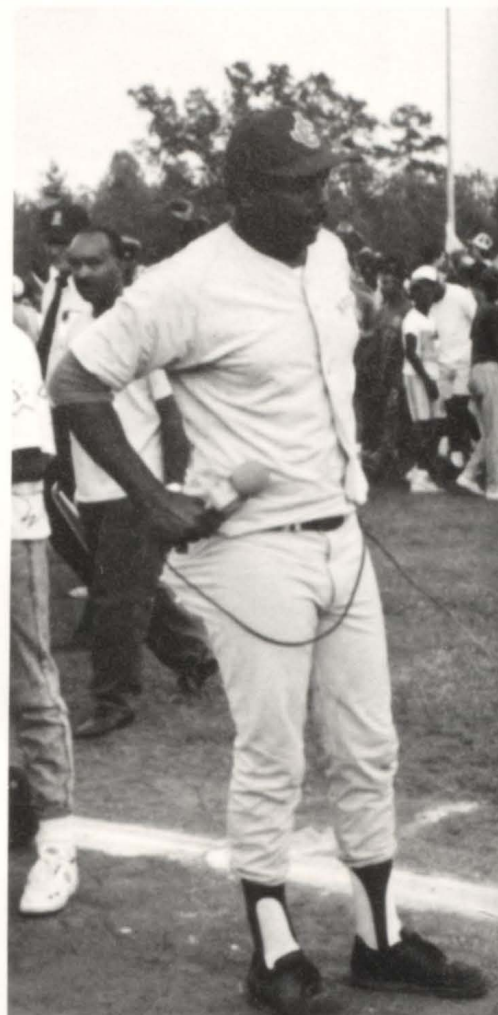

Suddenly the Greyhound fans leaped the fence as they realized what had happened. Johnny Robinson had knocked a single, bringing Floyd White and Godfrey Appling home for two runs. Hoyt Stanfield then ran across the plate bringing home the winning run boosting the score to 7-6 in the Greyhound's favor.

The '89 Greyhounds baseball team won the state championship through a combination of dedicated fans, hard work, and determination. Each and every player was an important part to the success of the season. The Greyhounds had a dream to be state champs, and the '89 baseball team proved that dreams can come true.

Football

The 1989 Greyhounds started the season with an impressive win over a strong Jackson team. This year's team seemed to be ready to pick up where last year's Region 3AAA championship runner-up team left off. The next week, Jones County lost their region opener to Dodge County. The Hounds quickly bounced back with wins over longtime rivals Putnam County and Monticello. After an open week, JCHS won their first region game over Americus. The next week brought a loss to 3AAA opponent Peach County. The week of October 10 had the Greyhounds paying a visit to the Shamrock Bowl. The game showed an impressive Hound team beating the Fighting Irish.

The Hounds finished off the week of Homecoming with a victory over region opponent Upson County. The next week brought a loss to a very strong state-ranked Crisp County team, the eventual Region 3AAA Champs. The final week of the regular season brought about an unusual Saturday night game in which the Hounds lost to Troup County. Although the Hounds did finish 3-4 in the region and did not return to the playoff, they kept the season exciting and were in the hunt for a playoff berth right up to their loss to Troup County. With a 6-4 season record the Greyhounds finished the last four years with a winning record. Next year's season is sure to bring excitement as Jones County moves to region 6AA bringing new opponents and new rivalries.

Our Sticks And

The Lady Hounds softball team began preparing for their 1989 season by raising money, practicing on the field, and studying plays in their handbook. Last spring they sponsored the first annual 100-inning softball game, and this fall they sold shirts, held a bake sale, and sponsored a dance to raise money for the team. This money was used to buy equipment and uniforms and to provide transportation to the region and state tournaments.

The Lady Hounds started their season off with a 17-5 victory over Washington. They went on to win every game in their season with the exception of one game against Troup Co.

During the middle of the season the Lady Hounds hosted the first Martin Marietta Softball Classic in which three other teams were invited: East Cowetta, Twiggs Co., and Southeast. The Lady Hounds were first in the tournament with Southeast being the runner-up.

On October 8, 1989 the Lady Hounds attended the region tournament in LaGrange which was hosted by Troup Co. The other two teams who attended were Dublin and Americus. After barely defeating Dublin and Americus, they then beat Troup Co. 10-0 for their fourth consecutive Region Championship.

"I wanted it all! I tried to cry a victory! But I realized that state-runner was better than nothing." — LaJuana Daniels

The weekend of the state tournament was a swirl of excitement for the softball players. That Saturday morning they defeated Laney Co. 17-2 and then North Gwinnett 6-5 to proceed to the final game. If they won the next game they would be state champs; if they lost they would have one more game to play to decide who would win. The Lady Hounds lost the next game 4-0. In the final game, the Lady Hounds lost 10-3, thus crushing the dreams of the team and especially the seniors.

The 1989 Lady Hounds were the Martin Marietta Softball Classic Champs, Region Champions, and the Runner-up State Champs.

Will Break

For the second time in the Lady Hound's history they had a Junior Varsity team. The Junior Varsity team played other Varsity teams from different regions.

The Junior Varsity prepared for their games by scrimaging against the Varsity team.

Their first game was played against Twiggs Co. where the J.V. team was victorious. The J.V. won every game they played except against Bleckley County.

The Junior Varsity players contribute much to the Varsity team. They often play roles such as running the bases, playing defense, or hitting. Often the J.V. players "saved

the day" in the roles they played.

The J.V. team is an important part of the softball program. They are the future varsity players who must live up to the outstanding reputa-

Marching

Jones County has got something to be proud of now, the JCHS Marching Greyhound Band. With brand spankin' new uniforms and many new talented players, they are considered to be a first-rate band. After long hours of practice and many dedicated players, the upbeat tunes are played better and better at each performance.

By performing in the Macon Christmas Parade, Cherry Blossom Parade, and UGA Band Day, they have not only become noticed, but appreciated by our home folks and others as well.

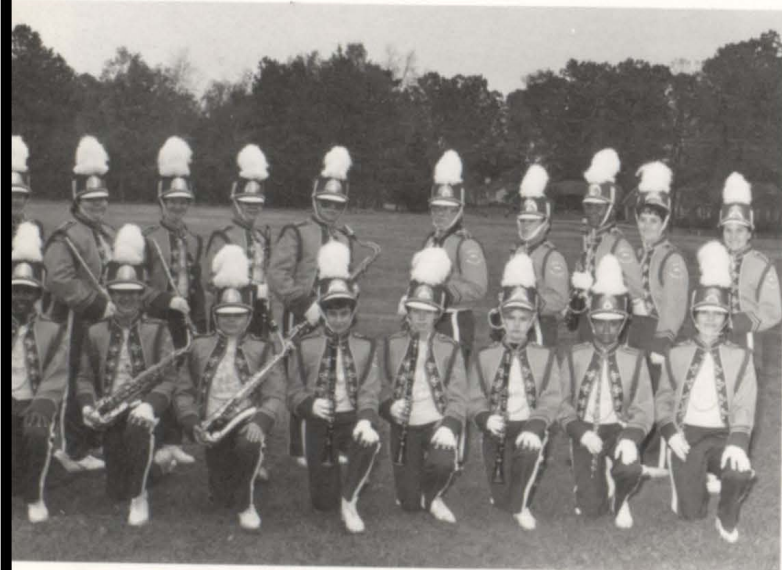

This year, the JCHS Marching Band has received something that they've never had — respect! Keep up the good work.

Daniela Justice and Brandi Whiddon show off their new uniforms.

Hey, JCHS, look at us now! We're steppin' out in style. This year after many years, the Greyhound Marching Band purchased new uniforms, thanks to the help and support of many students, parents, and Band Boosters. Along with the new uniforms came newly found pride and confidence, not only from band members, but from students, faculty, and fans.

Many members complained about the time it took to get dressed up in the new uniforms, but all admitted the pride and honor felt when walking out for that first performance!

Richelle Robinson gladly smiles for the camera.

We've Got Spirit!

The 1989-90 Varsity Cheerleaders went to NCA Cheerleading camp this past summer. Preparing for camp they practiced three days each week. While at camp, the JCHS Cheerleaders won two blue and two red ribbons. They also received the "spirit stick" each night and were able to bring back a variety of cheers and chants to JCHS.

The cheerleaders are here for the student body and athletic teams at JCHS. They uphold the spirit, honor, and pride of Jones County High and are advised by Mattie Middlebrooks.

The 1989 Varsity cheerleaders are: Julie Jarrard, Traci Thompson, Michelle Thompson, Davina Sullivan, Tina Farley, Demetrice Bonner, Trista Pounds, Amy Sires, Tora Bailey, and Valerie Daniels.

When Tina Farley smiles, she just can't hide that Greyhound Pride.

Keeping spirit through the seventh and eighth grades as well as the J. V. team is a big part of being a J. V. cheerleader. They work hard, cheering for both football and basketball. There are 23 J. V. cheerleaders this year, and each one plays a very active part on the squad.

The J. V. cheerleaders encourage the football team as they warm up on the field.

The members of the 1989 Golf Team were Robert Reece, Adam Lowe, Ryan Hensley, Brandon Webb, and Dutch Mutchler. The seniors were Michael Atkinson, David Smith, Greg Bryant, Buck Jackson, Jeff Lord, Mike Moody, and Scott Fullington.

JCHS is very proud of the 1989 Golf Team according to Coach Williams, the team "competed well." He regrets the loss of the Michael Atkinson, a four-year letterman, but is looking forward to the upcoming team. Although the season's golf team is fairly inexperienced, the coach expects them to do well, depending upon their dedication to the game.

Aiming carefully Adam Lowe prepares to hit the ball.

Swinging Into Action

The 1989 JCHS Tennis Team played very well. The girl's division placed second in the 3AAA region tournament. Senior Kim O'Kelley became the regional champion and later advanced to state competition. The boy's division showed improvement. There are several upcoming team members who will help the team to excel in the spring of 1990.

Majorettes

The 1989-90 majorettes are: (L-R) Sarah Hipps, Shannon Barlow, Christy Cox, and Richelle Robinson.

Tryouts for majorettes were held in April, 1989. At that time, the squad and captain were chosen. The girls got off to a great start by attending summer camp at Jekyll Island in July, 1989. There they learned and practiced routines and improved their skills as twirlers. Since that time, they have been displaying their talents at parades, pep rallies, and football games. Special events the majorettes participated in were the Homecoming Parade, Band Day at the Georgia vs. Kentucky football game, and Macon Christmas Parade. They have learned poise and confidence, as well as gained lasting friends as majorettes this year.

Determination, long-hours of practicing, and pride show in each of their performances. The Rifle Team, along with all the auxillaries, proudly displayed their new uniforms they received during football season this year. The rifles also performed at the Christmas and Cherry Blossom Parades and helped the band sell candy to pay for their new uniforms.

The members include Amy Kennedy, Kerri Goodrich, Danilla Justice, Tammy Maldon, Wazinia Jackson, Jackie Colmon, Stephanie Craine, Michelle Hall, Laurie Thomas, and Ami Arnold.

The 1989-90 seniors are Carla Redding, Teronica Redding, and Laurie Edmonson.

The Varsity Girls Basketball team has worked hard this year, putting forth 100% effort and showing improvement with each new game they play. The girls definitely have hustled. Coach Geter considers this to be the team's most valuable quality. As of January 22, their season record stood at six and ten. The team's main goal is to win as many region ball-games as possible.

The Varsity girls are: (standing) Tina Bloodworth, Toya Turner, Carla Redding, Amie McSwain, Becky Brown, Coach Pete Geter, Ellen Batchelor, Termica Redding, DeeDee Black, Laurie Edmonson, Shantal Veal, (kneeling) DeeDee Scott, Alicia Tuft, Valerie Banks, Gwen Broadus, Cassandra Rawlings, and Tenecia Pitts.

Shoot for Two

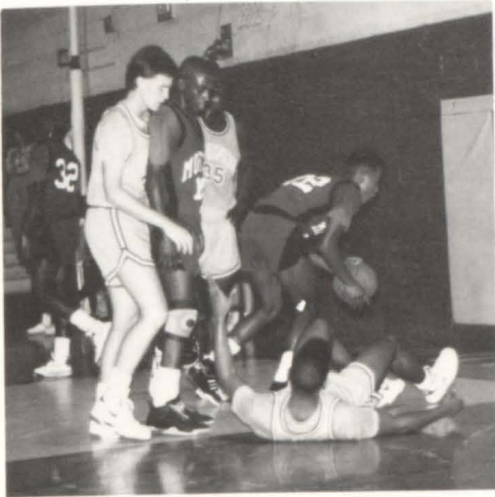

Always striving for victory, the 1990 Varsity Boys Basketball Team is reaching their goal through hard-work, determination, and lots of practice. The boys' desire to improve with each practice and game is evident in their season record of eight and eight as of January 22. Hustle is what Coach Gibson believes to be the teams most valuable asset. Next year the boys team will lose five seniors that will be greatly missed. They are Rondell White, Curtis White, Cory Gray, Jon Bullington, and Jesse Soloman.

Along with his opponent, Robbie Mathews watches the goal.

J. V. Girls

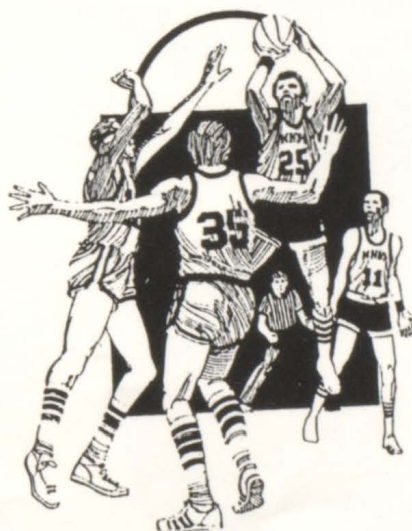

Back Row (L-R) — Cassandra Rawling, Toya Turner, Amie McSwain, Becky Brown, Ellen Batchelor, Tenecia Pitts, DeeDee Scott, Coach Pete Geter, and DeeDee Black.

The J.V. Girls are under the leadership of Coach Pete Geter. They practice diligently two hours per day, which resulted at press time in a record of four wins and zero losses. In the future their goals are to improve, become varsity players, and ultimately continue their winning season.

J. V. Boys

The members of the J.V. Boy's basketball team are: (back row) — Kelsey Risby, Ramon Cherry, Frederick Ammons, Derrick Dudley, Johnny Sands, Jason Jones, (front row) — Coach Rick Sheplar, James Bivins, Andy Miller, Tyrone Williams, Jonathon Pitts, and Michael Rowlands.

The J.V. Boys basketball team practiced long and hard every night at Maggie Califf School to keep their successful season going. Midseason, the J.V. Boys posted a record of six and six. Most of the J.V. Boys are Freshmen. Coach Sheplar's team motto is to play hard, and his team's best quality is that they're very eager to learn.

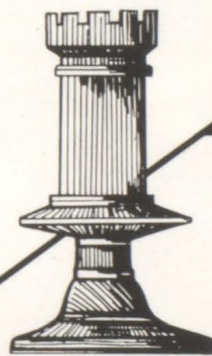

Student Life

1. Taking timeout to relax at cheer-leading practice, Traci Thompson and Valerie Daniels think of new ways to keep the student body rocking with spirit.

2. Lunch seems to be a perfect time for Mandi Nabers and Rhonda Barlow to discuss the day's happenings.

3. Hanging out in the breezeway, Terry Jacobs, Leatha Battle, and Sally Bellamy capture the spotlight as they smile at the camera.

Great success for the band has come from many long hours of practice. Over the summer, camp was held for the band and auxiliaries. Pictured below are Dan Dolster, James Bivins, Chris Kelly, and Cedric Rollins, the bass drummers of the JCHS marching band.

The majorettes not only attended auxiliary camp but also attended a specialized majorette camp at Jekyll Island. Camp lasted from July 23-26 where they learned routines during the day and enjoyed Jekyll nightlife.

STUDENT MEMORIES

"Once Upon a Time" — The theme of the 1988-89 prom. The memories it holds for each of us are as different as our dates were. Some recall the slow dance in the arms of the one you love, others recall the good fun shared among friends, while others recall painful memories. Like everything in life, some were good, some were bad, but the memories of prom night 88-89 will last a lifetime.

"FUTURIST STUFF"

Friends are friends forever!

I believe that's the way the song goes. Friends are those people you can count on for being there. If you were to close your eyes today and think of the people you could depend on for anything, anytime, anywhere, then those are the people who will always have a special place in your heart and mind. If time ever blows friends away, you can rest assured they will never be taken from our memories. Jill Williams and Joell' Roberson share a special moment together as friends.

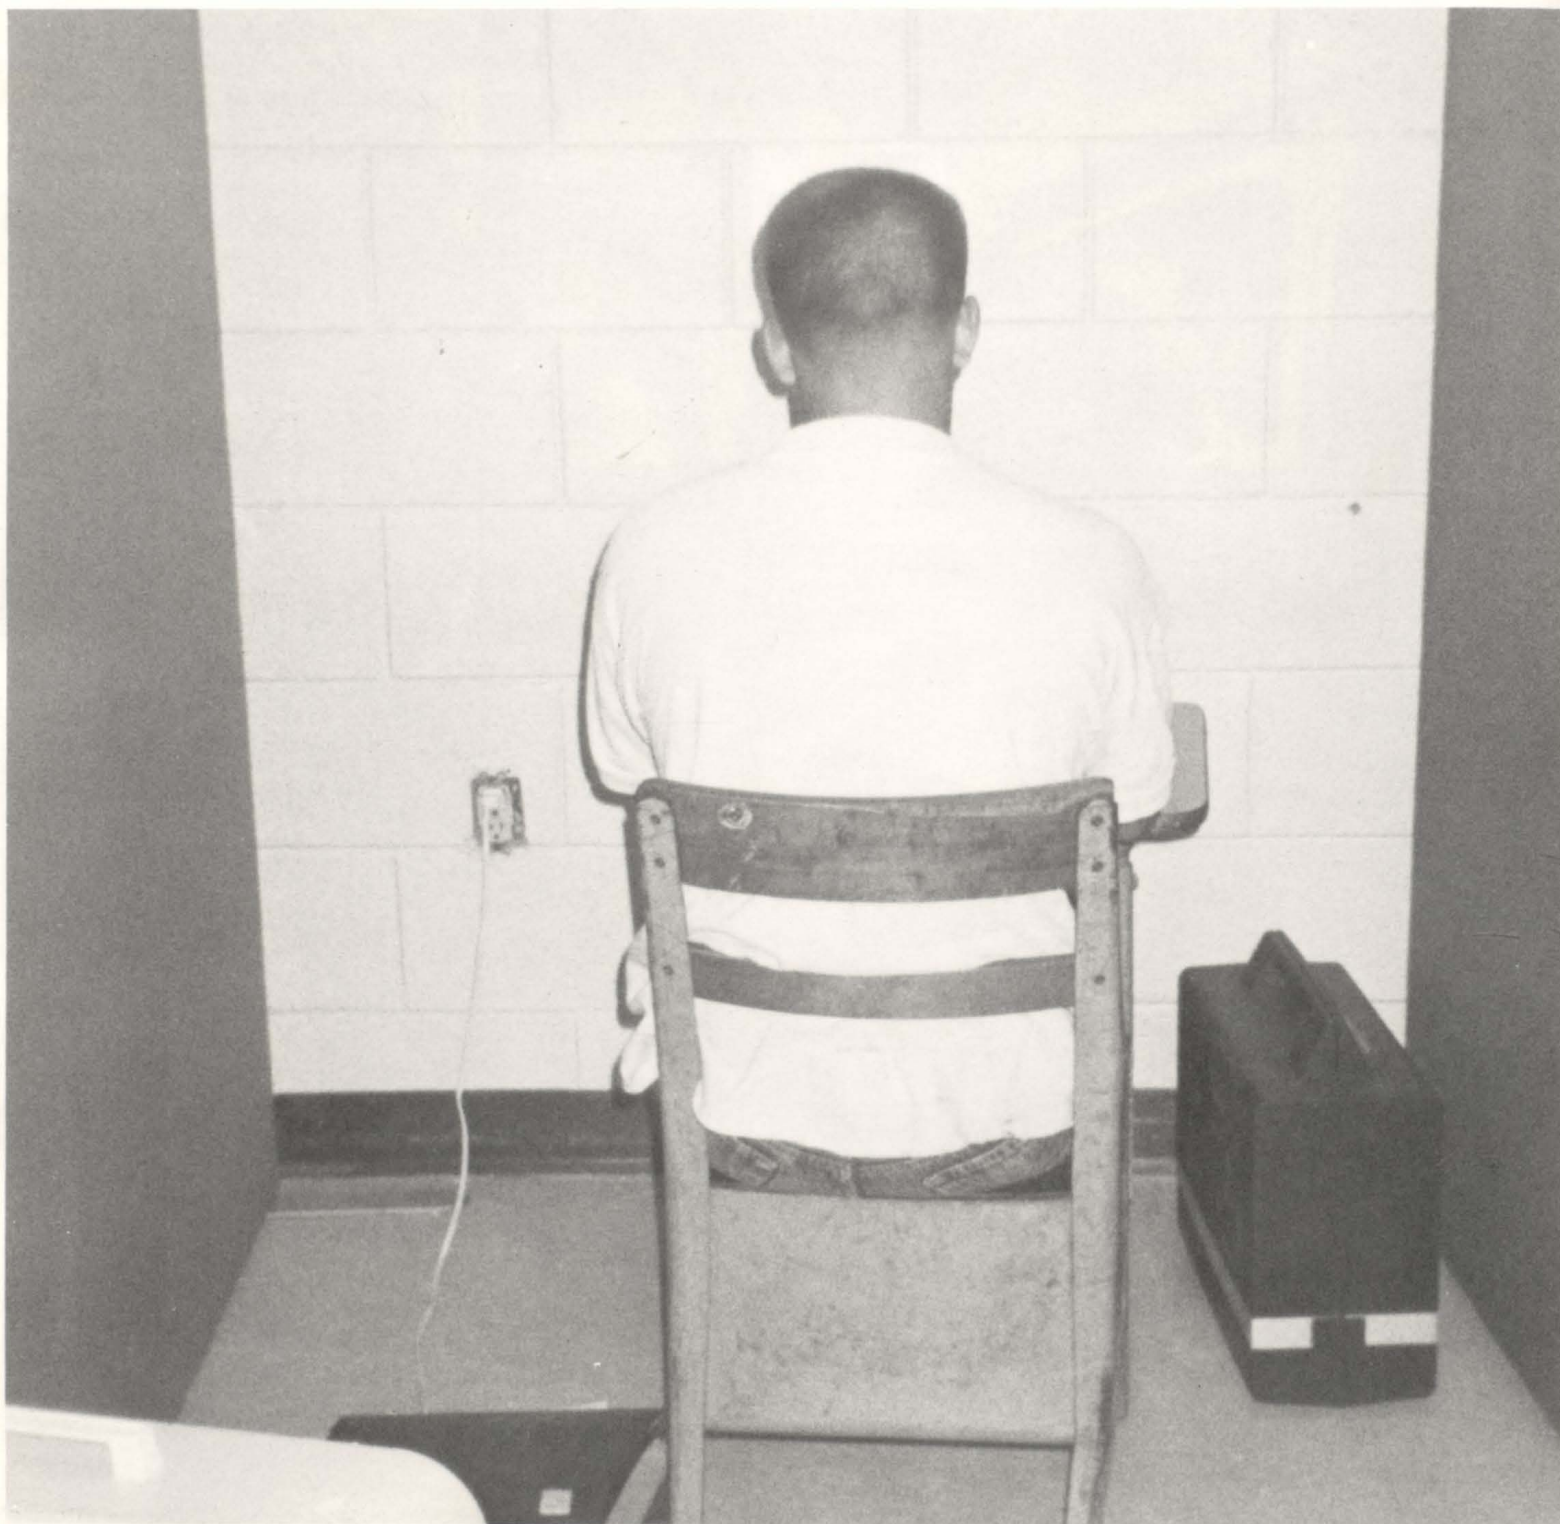

Work also seems to occupy some of our extra time. It seems Wal-Mart has been overtaken by Jones County students including Rena Ussery and others, but Wal-Mart isn't the only place. You can find us at Roses, Kroger, Hardee's, Tastee Freeze, and even Gateway, just like Rob and Doug. But not Joseph, he just shoots pool.

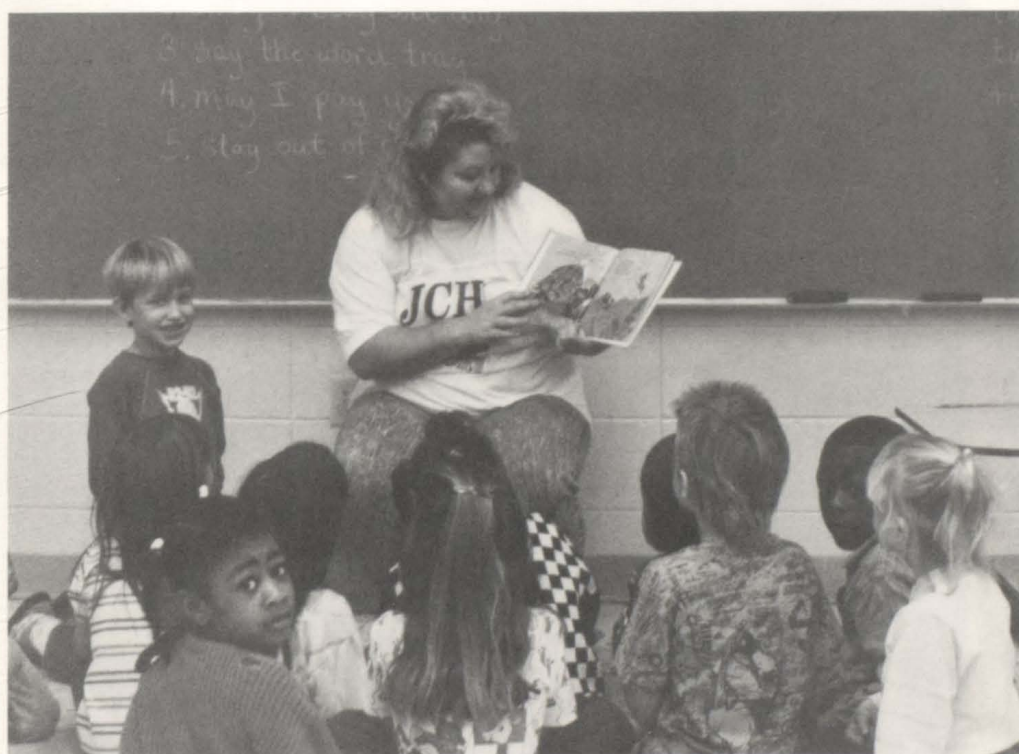

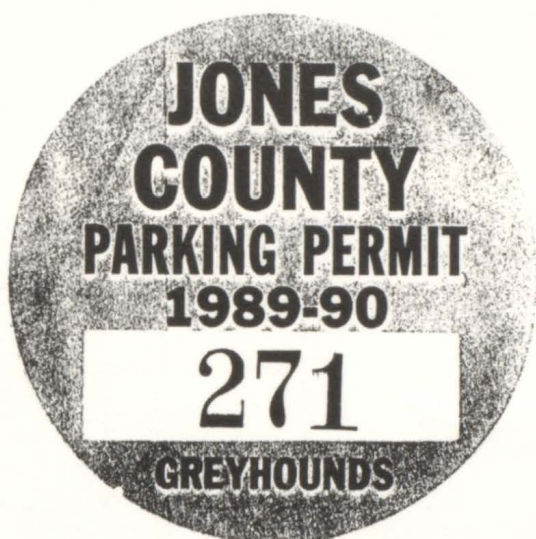

There are many Friday afternoons spend day dreaming of romance for Friday night. When the books are put away and the night rolls around, many of the couples here on campus head out for a cozy evening together. Johnny Robinson and Amy Stanley spend some "quality" time together. Their smiles show that each is obviously happy to be with the other.

I.S.S — In-School Suspension has been new and (for lack of a better word) improved. Conditions of today's I.S.S. in comparison to the I.S.S. of yesteryear are much tougher. Students are isolated into cubicles where they cannot talk, cross their legs or turn and look around. They are taken early to lunch where they must enter in single file lines then are immediately returned to their cubicle. A word to the wise — stay out of in-school suspension.

In hopes of lowering the confusion in the parking lots, JCHS adopted the parking permit. These permits delegate where each person should park according to grade in school. The permits cost two dollars and are required. Thanks to these permits, parking causes fewer problems.

Also new this year was the Southern Literature Class traveling weekly to Gray Elementary to read stories to the students. Tiffany Turner reads to the eager youngsters.

GRAND FINALE

It seems as though the year is coming to a rushing halt. Though the door to the eighties has been sealed off forever, a twinkle of light peers nervously around the door labeled 1990. But all is not lost. Though these olden brick walls and red buildings will soon be gone, the memories will never die. The joys and pains, the triumphs and the shortcomings will live on in our minds. The beautiful people we met and the love the graduating family of 1990 shares will be with each of us in our hearts.

Memories of each first kiss, those never-ending hours of unairconditioned 5th period, football 2-a-days, and those dreaded pop quizzes we failed miserably will all become cherished treasures as we reflect on the years past.

Hopes and dreams are never out of our reach; the nineties offer each of us a chance to strive and push to reach

"What separates a successful person from a failure is not necessarily what a person does; it's the way that person goes about achieving his goals." Joe Wood

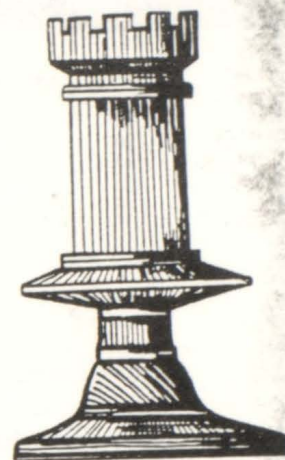

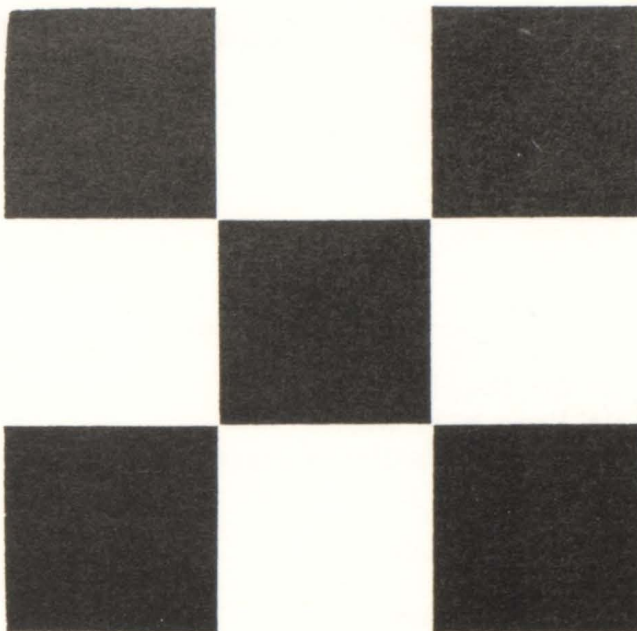

those aspirations. Hopefully with the wisdom we will each gain at this school, we can be the people we desire earnestly to become.

Some of us will leave, marry, go to college or valiantly serve our country in order to prepare ourselves for our future. Will you be ready to make the next move?

Until we meet again.
